

Product Information

Specifications

Thorium-229

Half-Life/Daughter	7880 years to radium-225
Decay	Decay Radiation Information (NNDC)
Chemical Form	Nitrate in 0.1 N HNO ₃ or dry nitrate salt
Radionuclide Purity	>99%
Production Route	Decay of mass-separated uranium-233
Processing	Dissolution and ion exchange chromatography
Primary Container	Glass vial
Availability	Stock
Unit of Sale	Micrograms

Other Information
